

INFERTILITY PRAYER

*St. Anne, please
accompany all
those who are
struggling to
conceive*

*Good St Anne, you were granted
favour with the Lord to carry
the most Holy Virgin Mary inside your womb.
You know my deep desire for a child:
a little one to love, to hold, to care for,
and to cherish,
Grant that my body may conceive
and give birth to a beautiful,
healthy baby in God's holy image.
Guide me in all my choices so that
this conception, my pregnancy
and my baby's birth are in line
with God's will.
Heavenly Father, St Anne and Holy Mother,
Hear this prayer of my heart, mind and spirit.
Amen.*
