**What will it look like
after the pandemic?**

A series of three seminars via zoom exploring the impact of the virus on church & faith

**facilitated by Marian Curran, senior lecturer in Religious Studies,

Are we ready for our churches to be unlocked? Do we feel we have been changed by the lockdown? And what will this mean as we gather again as the people of God?

These seminars will explore the immediate, short term and long term impact of the pandemic, the new world we are moving in to, and our new thinking about church.
