A group of family and close friends are taking part in the Mourne Seven Summits Challenge on Saturday 19th June. We are doing this in memory of my wife, Martina who tragically passed away just before Christmas 2020. Martina loved the outdoors and going for long walks. We thought this challenge was a good way of honouring her memory, whilst raising much needed funds for Cancer Focus Northern Ireland.

Also, myself and Peter Lundy will be running the London Marathon on 3rd October 2021. Again, this will be to highlight the charity and hopefully inspire others to take part in their own fundraising activities.

Cancer Focus Northern Ireland - we care for families affected by cancer with family support, counselling, and other care services. We also do important cancer prevention work in schools, workplaces and communities, and fund ground-breaking research. All the money you donate stays in Northern Ireland.
